EDUCATION

B.Sc. Mathematics Education

University of Lagos 2020

Diploma in Computer Studies

Obafemi Awolowo University, Ile-Ife
2005

Senior Secondary School

Certificate 2003

CERTIFICATIONS

- Teachers Registration Council of Nigeria (TRCN) Certified Teacher
- Certified UAV Pilot
- Artificial Intelligence & Machine Learning Certification
- Python Programming & Data Analysis Certification

PROFESSIONAL PROFILE

Versatile educator, UAV/drone technology professional, and AI/ML practitioner with over 15 years of experience in Mathematics education and emerging technology innovation. TRCN-certified teacher and certified UAV pilot with hands-on expertise in drone piloting, building, aerial photography, mapping, and STEM education. Co-Founder and Managing Director/COO of UAV Hub Systems Limited, a Nigerian technology company focused on UAV/drone technology, AI/ML engineering, STEM education, and AgriTech solutions. Passionate about connecting traditional education with emerging technologies to create practical learning experiences.

PROFESSIONAL EXPERIENCE

Co-Founder | Managing Director / COO | UAV Hub Systems Limited, Nigeria

Current

- Drive business strategy, operations, and client engagement for a UAV/drone technology and AI/ML solutions company
- Oversee UAV/drone project deployment, including drone building, customization, and maintenance
- Lead training programmes, STEM education initiatives, and technology demonstrations
- Develop AI/ML and AgriTech solutions, building partnerships to drive innovation in education and agriculture

Mathematics Teacher | First Golden Grace International School, Oluwo, Abeokuta, Nigeria

2021 – 2025

- Planned and delivered curriculum-aligned Mathematics lessons
- Assessed student progress and developed instructional materials
- Mentored students, improving academic outcomes

Mathematics & Further Mathematics Teacher | Godly Heritage International School, Saraki Adigbe, Abeokuta, Nigeria

2019 – 2021

- Delivered Mathematics and Further Mathematics instruction, including lesson planning and assessment
- Conducted tests, examinations, and provided academic guidance and remedial support

UAV & DRONE TECHNOLOGY EXPERIENCE

Certified UAV pilot with hands-on experience in drone operations, assembly, customization, aerial mapping, photography, videography, and maintenance, applied across education, security, cinematography, agriculture, and inspection.

CORE AREAS OF EXPERTISE

Education & Teaching

- Mathematics & Further Mathematics instruction
- Curriculum design & lesson planning
- STEM education & student mentoring

UAV & Drone Technology

- Piloting, operations & maintenance
- Drone building & customization
- Aerial photography, mapping & surveying

AI / ML & Data

- Python programming & data analysis
- Machine learning & computer vision
- Predictive modelling

Technology & Innovation

- Project coordination & partnership development
- AgriTech & precision agriculture
- Research & development
